

Are you experiencing palliative care or end of life issues?

The **Palliative Care Information and Support Line** is here to provide you with information, resources, and support on:

- advance care planning,
- palliative care, and
- grief and loss.

1800 573 299

palliativecarewa.asn.au

This WA service is available 9am to 4:30pm, 7 days a week.

PalliativeCare
WESTERN AUSTRALIA

Do you...

- want to have conversations with family about your end of life wishes but don't know how to start?
- need information on how to complete documents so your family and healthcare providers know what you want at end of life?
- need to know where to go for resources and assistance as a carer?
- need to know where and how to access palliative care services for yourself, a family member or someone you care for?
- need to know what is involved in palliative care and what questions to ask your healthcare providers?
- need information on local support services and organisations available in WA?
