Community & Aged Care 

ABN 31 621 821 100

What Chung Wah Community Care is doing:

- Mask wearing and temperature checks at Balcatta Hub, Northbridge Hub and Willetton Hub remain.
- Hub drivers for shared transport will record each client's temperature before the client enters the vehicle. Clients with one-on-one transportation will have their temperature checked before entering the hub.
- Closely monitor the overall wellbeing of all staff, volunteers and clients/participants and provide relevant guidelines when there is a COVID related situation.

How you can help to prevent the spread of coronavirus:

- Wear a mask while receiving service or out in the community.
- Respiratory hygiene and cough etiquette: cough or sneeze into a tissue and discard the tissue immediately, or cough/sneeze into the bend of your elbow, perform hand hygiene.
- Cleaning and laundry: regular cleaning of the environment and equipment, safe handling of linen and waste.
- Inform your Case Coordinator if you or your household are symptomatic, in close contact and in isolation, or you have been tested COVID positive.
